ROC Transition Discussion
The GLEIF CEO, Stephan Wolf, described in detail each of the six preconditions of the ROC and ROC Members transition of tasks to the GLEIF.

1. Final Master Agreement
   - Today the GLEIF is endorsed to collect a fee of USD 20 per LEI issued and renewed from the Pre-LOUs. Pre-LOUs have been endorsed and managed by individual ROC sponsors. With the endorsement of the Master Agreement by the ROC the GLEIF will obtain the right to issue Accreditation Certificates for LOUs. Accreditation Certificates shall be mandatory for any LEI issuing LOU.
   - All existing Pre-LOUs will go through GLEIF accreditation process to become LOUs. Pre-LOUs who fail accreditation will lose their endorsement and therefore the right to issue LEIs by end 2015. The GLEIF and the ROC discussed the realities of the Commitment Letter ending in 2015 and the planning that the Master Agreement will be the only contract between the GLEIF and the pre-LOU (then candidate LOU).
   - The role of the ROC Sponsor could end either with the signature of the Master Agreement and with the granting of Accreditation by the GLEIF.

2. GLEIF and pre-LOU on-boarding plan
   - The GLEIF will ask pre-LOUs interested in becoming Applicant LOUs to prepare and submit an Accreditation Plan.
   - The Accreditation Plan reports the Applicant’s anticipated time frame for preparing and ultimately submitting Accreditation Documentation to the GLEIF for review.
   - The GLEIF will comprehensively review the pre-LOUs’ Accreditation Plans and compile a calendar for Accreditation which meets the pre-LOU and the GLEIF's resource abilities.

3. Publication of Accreditation process
   - The Master Agreement is inclusive of the Accreditation process, therefore timeframes associated with the Master Agreement development also apply to the publication of the Accreditation process.
   - The Board and the ROC Observers discussed the timing of when the ROC would end its endorsement process.

4. Provision of GLEIF lookup and download database on a concatenated basis
   - Additional details were provided in the Facilities Update.
5. Establishment of GLEIF website
   – It was noted that this task is complete.
