  Upon conclusion of these discussions, the GLEIF Board conducted a vote on the first phase of trademark registration. The Board concluded to endorse the recommended Phase I approach including filing the EU Community Trademark application, the select International Trademark applications, and the required National Trademark Applications. (0 abstentions, 0 votes against).

Upon conclusion of this discussion, the Board approved the recommended D&O policy of AIG – coverage CHF 15 Mio with an August 2014 start of coverage date. (0 abstentions, 0 votes against).

- **Commitment Letter Update for Newly Endorsed Pre-LOUs**
  
  On the request of the Chair, considerations for adjusting the Commitment Letter to newly endorsed pre-LOUs were introduced.

  Upon conclusion of this discussion, the Board approved the revised approach for estimating the 2014 LEI activity for newly endorsed pre-LOUs. (0 abstentions, 0 votes against).

- **GLEIF Audit**
  
  Audit and Finance Committee Chair Robin Doyle introduced considerations for the GLEIF Annual Audit, the future GLEIF operational audit, audit requirements for the pre-LOUs, and audit requirements of the transition of the pre-LOUs into the GLEIS.

  Upon discussion of this topic, the following recommendations were approved:
  
  (1) Use of IFRS as the methodology for the annual financial audit standards. (0 abstentions, 0 votes against).
  
  (2) The GLEIF should subject itself to the highest standards in practice, recommend the GLEIF have an annual compliance audit in accordance with SSAE16/ISAE 3402 - SOC 1 (the former SAS70 standard). The Board approved that EY is also chosen for the operational audit for the report to the Board (the scope and the budget will be further refined). (0 abstentions, 0 votes against).
  
  (3) The LOUs must obtain an annual audit of their financial statements and provide the report to the GLEIF (at the LOU’s cost). The LOUs must also obtain an annual operational audit of compliance with the GLEIS policies, procedures and standards as agreed in the Master Agreement (at the LOU’s cost). The CEO start work on drafting a compliance plan with EY’s support on identifying how the compliance function can be at best organized (the scope and the budget will be further refined). (0 abstentions, 0 votes against).
  
  (4) The CEO should immediately undertake to complete the Certification Criteria required for an LOU to be accepted into the GLEIS. This will likely include hiring external help to get the criteria in place quickly. The LOUs must obtain an audit of “agreed upon procedures” that will demonstrate compliance with the above referenced certification criteria; An LOU must “pass” such an audit before being accepted in the GLEIS. If an LOU cannot comply, its issued LEIs would be transferred to another LOU as directed by the CEO. (0 abstentions, 0 votes against).

Gerard Hartsink – Chair GLEIF
Thomas Sprecher – Secretary of the Board
• **GLEIF Location Recommendation**
  The Board Chair Gerard Hartsink discussed the process and the feedback received from the Directors on the GLEIF (COU) location evaluation criteria and proposed locations. He mentioned the work underway to validate the tax consideration evaluations. On the request of the Chair, the ranking methodology and scoring procedure used for each of the suggested locations was described.

Concerns were raised on the tax issues (in particular VAT), differences in IP laws, and data protection laws. It was noted that the IP is under Swiss law and this will be specified in the Master Agreement as the presiding law regardless of the location of the COU. NKF will prepare a tax analysis of different locations for Board consideration.

Directors were given the opportunity to raise additional points for research through the end of the week.

Upon discussion of this topic, the following recommendations were approved:
The recommended GLEIF location of Frankfurt is approved pending the conclusions of investigation on tax issues, confirmation of the conditions of the subsidy amounts, and any other issues requiring additional research. (0 abstentions, 0 votes against). (Note: A lease contract for a location can only be signed if there is clarity on the tax issues).

• **LEI Issuance by Non-endorsed pre-LOUs**
