GLEIF Service Report November 2016

**Availability:*** This month all GLEIF services met the availability targets. In line with version 1.2 of the Service Level Agreement concluded between GLEIF and the LEI issuers the service targets for ‘Provide LOU calendar & events’ and ‘Manage subscriptions to LOU calendar’ have been updated to 97.7%.

**Administration:** These services were not subject to performance assessment in this month as no actions were required.

**Operating:** The breach identified with regard to the service ‘Perform Accreditation - Accreditation Plan’ resulted from high volume of applications received and, in some cases, additional time required for clarification of documentation submitted by applicants.

During this month, all other live services have achieved the required service levels for ‘Processing Time’ and ‘Attended Service Operating Time’.
