Highlights

The Total Data Quality Score for May remained high and consistent at 99.99%. Significant improvements were noted in the number of LEI issuers meeting the Required Data Quality standards. GLEIF is adhering to its continual improvement cycle and is currently working on an updated and enhanced Rule Setting. Over 35 new and more than 20 updated data quality checks are under consultation with LEI issuers. The revised Rule Setting v3.4 is scheduled to take effect later this year, following the consultation and implementation periods.
