+5.2%

Indonesia

+4.9%

Lithuania

+4.7%

Markets with the Most LEI Issuer Competition***

Luxembourg

Belgium

Bulgaria

Ireland

Malta

*** Must have more than 1,000 LEIs

The Global LEI System empowers everyone, everywhere, with open, standardized, and high-quality data that is regularly revalidated to ensure it is accurate, up-to-date, and usable. This promotes trust and transparency across the global economy.

Key data points tracked within the GLEIF Q3 2026 LEI System Business Report are:

1. Quarterly LEI Renewal Rate

The renewal process ensures that legal entities and LEI issuing organizations review and re-validate legal entity reference data at least once per year

57.1%

Global LEI renewal rate

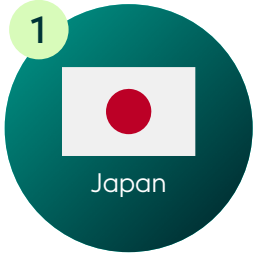

61.1%

EU LEI renewal rate

51.1%

Non-EU LEI renewal rate

Top five countries by renewal rate

Japan

Finland

India

Germany

Liechtenstein

2. Corroboration

Corroboration verifies the existence of a legal entity, and the accuracy of its reference data, against authoritative sources listed in the GLEIF Registration Authority List

88.1%

of all LEIs were fully corroborated at the end of Q3 2026

3. Entity Categorization

Dedicated categories identify the total number of government entities and international organizations with an LEI

At the end of Q3 2026, there were:

6,875

government entities with an LEI

86

international organizations with an LEI

4. Fund Relationship Reporting

Three main types of fund relationships are categorized to better understand the connections between fund entities and investment funds globally

164,000

total legal entities reporting fund relationships

66.8%

Funds managed by a main management entity

32.6%

Sub-funds to umbrella funds

0.6%

Feeder funds

Transforming data into opportunities
